GREAT BARGAINS for JULY and AUGUST

Gent's Shirts & Underwear

SUMMER CLOTHING!

Lots of men have not yet bought their full supply of Summer Underwear. Lots of our patrons have not yet bought their full supply of Shirts for a long Summer trip. Many a man thinks he can get along with his heavy Suit, but finds the hot July and August Sun is more than he can stand, and he will replenish his wardrobe, if proper inducements in prices are offered him. NOW IS YOUR TIME! We have an immense Stock that we are going to Close Out This Month, and, take our word, we have placed our Goods at Prices to do it. We have met with UNQUALIFIED SUCCESS, owing to the liberal support and patronage from our many friends, and now to make the rest of this Summer Season our CROWNING TRIUMPH, and to prepare for an active Fall Campaign, we propose, in our own peculiar way, to give to our customers these late SUMMER BARGAINS. If there are any doubting Thomases, please let them call inspect our Stock and Prices, and we will forever cure them of all doubt. We have to be brief and to the point. Our space, expensive as it is, is of necessity limited. We simply invite the public and those visiting Dallas to call and see us, and be shown through our extensive Establishment, and if our Goods, and our Prices, and our Mode of Treatment to all does not give Satisfaction, we are willing to give up the Horns.

Foreign.

ALEXANDRIA, July 24.—The 16th rifles marched to occupy Ramleh this morning. Some skirmishing is now proceeding, but no details have been received. The 55th Infantry has been ordered to support the 60th. The bulk of Arabi Pasha's infantry is reported to be concentrated at Damietta. The troops at Kafr Dewar being chiefly artillery and cavalry. The Inspector of Cadastre has arrived from the interior. He reports the whole force of rebels nearly 100,000. He says a volunteer cavalry regiment is forming to attack Alexandria. A dispatch from Alexandria in the second edition of the Daily Telegraph says Arabi Pasha fell back last evening to the other side of Ramleh, thus forcing the above mentioned operation on the British.

A dispatch to the Standard from Alexandria says: The rifles and mounted infantry occupied Ramleh nearly all this morning. They stationed one galling and one field gun at the bridge over the canal. The enemy's cavalry appeared and galloped boldly along the railway at 300 yards range, but fled upon a volley being fired. After sometime they appeared with two guns with which they opened fire ineffectually upon the British, who took to cover. By 9 o'clock firing had ceased by the enemy who was expected to reappear with reinforcements.

A dispatch to the Times from Alexandria says it appears tolerably certain that Arabi Pasha's force is composed of 8,000 men, 39 field pieces, 6 galling guns and an unknown number of smooth bores. The latter were taken hence and placed on earth works in front of his position.

Ragheb Bey, officer of the embargoed mail steamer, was arrested. Documents were found upon him showing that for months he has acted as agent for Arabi Pasha, carrying communication between him and the palace and Pan-Islamic committee at Constantinople. Ragheb was taken before the tribunal, and upon being promised lenity if he fully confessed, gave a complete list of persons with whom Arabi Pasha was connected, the list including the names of several influential persons at Constantinople. Ragheb also gave a list of Arabi's confederates in Egypt. A cypher letter to Arabi was found upon him.

LATER.—The fighting is finished. Casualties are insignificant. The British troops remain in occupation of Ramleh. Two of the deputations appointed by the nobles have arrived here. They report that Arabi Pasha, on learning the dispatch of troops from India sent reinforcements of 1,000 men to Cairo. There are now here ten English, two Austrian, one American, one German, one Russian, one Greek and three Italian men-of-war.

Cheri Pasha has escaped from Cairo and gone to Port Said. The Khedive has summoned him to Alexandria. A few witnesses from Tanta state that city-dwelling Europeans were tortured, disemboweled, torn to pieces, and that women were violated and tortured. Soldiers participated in the atrocities.

The Khedive has issued a circular to the army notifying it of Arabi's dismissal and outlawry, threatening punishment upon all who adhere to Arabi, and promising rewards and emoluments to all who return to obedience to him. It is considered certain that Arabi will destroy Cairo unless defeated and captured. In reply to the proclamation of the Khedive, Arabi appointed a ministry of his own at Cairo. Preparations have been made to attack Aboukir. Arabi is moving portions of his forces in that direction. The Khedive has requested that a steamer proceed to Dulcigno to fetch 2,000 Albanians to act as his body guard. The ministers have opposed the project, refusing to provide money therefor.

London July 24.—A dispatch to the News from Port Said says: M. De Lesseps arrived here on Saturday, accompanied by an aide camp of the khedive. There are seventeen war vessels of different nationalities in the harbor, five English under Rear-Admiral Hoskins, five French under Admiral Conrad; the latter has consented to assist English in keeping order in the town and protecting the lives and property of Europeans. In the event of an outbreak the French say they are prepared to land 800 men. The English can land 400. The town continues to swarm with refugees from Cairo, who bring most terrible accounts of massacres at Tanta, Damietta and Elspora. Rear-Admiral Hoskins has written to the English consul at Cairo, urging him to impress upon British subjects the necessity of leaving Egypt at once. Arabi Pasha's new government has issued a proclamation stating that every native molesting Christians will be shot. It is believed that this is a mere form to cover themselves should they hereafter fall into our hands.

According to the present arrangement the infantry for Egypt will embark on the 4th of August, and the cavalry on the 9th. The troops will sail direct for Alexandria. Arabi Pasha wrote the following letter to Gladstone a few days before the bombardment: "The Koran commands us to resist if war is waged against us. Hence England may rest assured that the first gun she fires in Egypt will also the Egyptian will cease the property of Europeans will be confiscated, canals will be destroyed and the Jihad be preached in Syria, Arabia and India. The first blow which England strikes Egypt will cause blood to flow through the breadth of Asia and Africa, the responsibility for which will be on the head of England. Egypt is still ready to be fast friends with the English and keep within the limits of her jurisdiction. Finally, England may rest assured that we are determined to die for our country."

The Times this morning says: The question of Turkish intervention is practically decided by the fact that an expedition cannot be sent without denuding distant provinces of troops and thus relinquishing the garrison at Constantinople.

The following steamships have been accepted or are under survey as transports: The Greece, Egyptian Mowrah, City of New York, Lake Huron, Pamlico, Batavia, Par-

bia, Caspian, Austrian, Russia, Luterne, Texas, Quebec and Nevada.

M. Freycinet, president of the council conferring with a committee of the senate on naval credit declared that if the powers indirectly interested in Egypt remained neutral in regard to intervention, with other powers in Egypt France would leave England to act alone and confine herself to the protection of the Suez canal. This declaration seems to be due to the refusal of General Bullot, minister of war, to undertake operations in Egypt unless he had a force of 40,000, which would require the calling out of a portion of the reserves and the government has refused to sanction such action. M. De Freycinet acknowledged that the powers indirectly interested in Egypt appear to have renounced the idea of deputed to a question he stated that French operations for the protection of the Suez canal would not include an expedition to Cairo to insure the safety of the French water supply. It is announced that the French government will for the present send only 6,000 marines for the protection of the Suez canal. Reuters telegram company has received the following:

ALEXANDRIA, July 24.—The rebels are distributed as follows: One division outside of Cairo; two regiments in Cairo; two divisions at Kafr Dewar, 3,000 infantry at Ras-el-Tin, and 7,000 at Damietta. Each division consists of four regiments of infantry of 740 men each, two regiments of cavalry of 840 men each; one regiment of 700 men and six guns. Four thousand civilians were taken from necessary works on the Nile to entrench at Kafr Dewar. Arabi Pasha holds a battalion and battery of two squadrons in readiness to check any British advance. Parties of British brought sixty prisoners from Ramleh to-day. The Egyptian force is entrenching at Ramleh. A Turkish corvette has arrived here. The British have cut the Turkish telegraph wire to Stambul.

MADRID, July 24.—The government has decided to dispatch three additional frigates to Egypt, one to be stationed at Port Said, another at Suez, and the other at Malindi.

PARIS, July 23.—In the chamber to-day Admiral Jurien de la Mer, minister of marine, moved a credit of 95,000,000 francs for the protection of the Suez canal. Delesseps telegraphs that Arabi Pasha has declared his intention to respect the neutrality of the Suez canal.

Forty-Seventh Congress.

SENATE.

WASHINGTON, July 24.—Mr. Lapham presented a letter from Health Officer Smith, of New York, urging that an appropriation be inserted in the sundry civil bill to enable the national board of health to pay for his inspection of emigrants, and to continue its quarantine supervision of southern seaboard. The communication treats of the importance of this supervision, and of its vigilance, and of the necessity of quarantine to prevent the introduction by immigrants of small-pox in a latent and undeveloped form and condition. It was accompanied by endorsement by Lieutenant-Governor Haskins. Referred to the committee on appropriations.

Mr. Allison presented the conference report on the legislative appropriation bill, similar to that presented in the house report. It was agreed to, and a new conference committee appointed, consisting of Messrs. Allison, Dawes and Davis, of West Virginia.

The revenue bill was taken up, the pending amendment being that of Mr. Mahone to reduce the tobacco tax to eight cents per pound. The amendment was rejected—yeas, 10; nays, 38. A number of democrats voted no.

The question next recurred upon the committee amendment to the tobacco section striking out the clause allowing a rebate to the amount of reduction of all stocks on hand at the time the law takes effect; it was adopted—yeas, 28; nays, 25. The fourth section as amended was adopted, and the fifth section relating to sugar was read, but without action the senate adjourned.

HOUSE.

Messrs. Taysen, of Illinois, and Knott, of Kentucky, presented the views of the minority of the judiciary committee upon the subject of the Northern Pacific land grant. Knott's report is accompanied by a joint resolution declaring forfeited all lands granted to the Northern Pacific railway company and not patented to said company on the 1st of July, 1882. He desired to have the resolution placed on the calendar, but the speaker ruled that inasmuch as the majority report had been laid on the table, the views of the minority must take the same course.

Knott appealed from the decision of the chair, but the chair was sustained. The chair announced the regular order to be the consideration of the bill to allow a drawback on foreign matters used in connection with domestic matters in the construction of steam and sail vessels for foreign account, and the pending question to be on the amendment, offered by Tucker, of Virginia, extending its provisions to vessels constructed for domestic account.

The vote by which the yeas and nays were on Saturday ordered on Tucker amendment was reconsidered, and Kelley moved to reconsider the bill. Pending this motion the matter went over until to-morrow.

Cannon, of Illinois, submitted the conference report on the legislative, judicial and executive appropriation bill. The report announced the agreement of the conference committee upon all items of the bill except that relative to the transfer of records in the surveyor-general's office to the office of the adjutant-general. As agreed upon by the conference committee, the bill appropriates \$20,038,000.

The conference report was not agreed to, and a further conference ordered.

Under call of states the following bills were introduced and referred:

By Knott, of Kentucky.—Declaring forfeited to the United States certain lands granted to the Northern Pacific railway company and remaining unpatented upon the 1st of July, 1882.

Also joint resolution requesting the president to see that no patents shall be issued to the Northern Pacific railway company for any lands remaining unpatented July 1, 1882, or until congress shall have acted upon the foregoing bill.

By Flower, of New York.—Proposing a constitutional amendment granting the president the right to veto any district item or provision of a bill while approving other items.

The house then considered bills local to the District of Columbia and adjourned.

San Domingo Advice.

ALL QUIET.

SANTO DOMINGO, July 12.—General Ulysses Heureaux has been elected president by an overwhelming majority. The republic is quiet. The tobacco crop promises to be superior both in quantity and quality. The eagerness to purchase lands for sugar estates is unabated.

CORSICANA, July 24.—Saturday night we witnessed one of the most enthusiastic and select gatherings it has been our lot to attend in Corsicana, it being the occasion of a serenade tendered our fellow-citizen, Hon. Marion Martin, the democratic nominee for lieutenant governor. The party consisted of several of our most prominent citizens, among whom we mention Mayor L. H. Irons, City Marshal Barrett, Captain James Garitty, Captain Townsend, Captain Gibson and others. The music was rendered with the clarinet which characterizes our famous Corsicana cornet band, which played piece after piece in honor of Navarro's favorite son. The recipient of this ovation came out and addressed the party, thanking them for their very kind expression of the trust they had put in him and the support they had given him these many years, promising them that in the future, as in the past, he would prove no recreant to the advances of the interests of his supporters and the state at large, and that while he valued as highly as any one could the great honor done him by the state in giving him the second place on the democratic ticket, he valued this expression of friendly interest shown by his neighbors fully as much and would do all in his power to deserve the kindly feeling that prompted this expression of their feeling. The serenaders were invited into the house, where they were royally entertained by their distinguished host, and amid the popping of champagne, toast after toast was drank in honor of our next lieutenant governor.

A large Methodist camp-meeting is being held about six miles from this city, at the Brier Creek camp-ground. Quite a large number are living there in tents and great interest is being developed.

Cleburne.

Special to the Herald.

CLEBURNE, July 24.—Saturday might be put down as one of the rainy days of the year. It commenced raining at 4 o'clock a. m., and rained incessantly until 5 p. m. Yesterday the northern portion of Bosque had one of the heaviest rains of the season. We had none here.

The congressional convention is the next thing on the tapis.

The last of the delegates to the state convention returned last night, and all are pleased with their work. Cleburne was quiet upon the receipt of the news of the nominations, but everybody seems satisfied at the result, and the whole ticket will receive a hearty support.

Dr. A. Young has withdrawn from the congressional race, as Mr. Kearby, of your city, is anxious to offer himself as a sacrifice on the greenback altar. The doctor will probably take the second place on Wash Jones' ticket.

Mr. Silas Lovelady returned on Saturday from an extended trip through Pennsylvania and New York. He reports things as looking gloomy. In the iron regions everything has stopped on account of the strike among miners and moulders. In New York city tremendous piles of freight have accumulated and are increasing daily. The laborers refuse to touch it at the present prices for work. He says that these people are better organized than ever before. Farm labor is also becoming unsettled, and harvest hands are in demand and hard to get.

Austin.

Special to the Herald.

AUSTIN, July 24.—The State Pharmaceutical association, of Austin, capital stock \$10,000, filed a charter to-day. Objects—the advancing and developing of the science of pharmacy and for the elevation and improvement of its members in a knowledge, theoretically and practically, of their profession, and for aiding in shaping the legislation of the state relative to the practice and vocation of pharmacy. The directors are W. J. Morley, Austin; W. H. Murdoch, Dallas; E. W. Powell, Fort Worth.

The Gliners' Millers' and Farmers' Mutual Relief association of Texas, principal office Mexia, have filed a charter. The object is protection of members against fire, loss to be paid by a system of assessment. Captain Arrington writes the adjutant.
